Experience

Frontend Intern • IndoSkill

Aug 2023 - Sep 2023

Web development intern at Indoskill, gaining hands-on experience in creating and maintaining websites. Developed responsive designs, enhancing user experience and increasing site traffic. Collaborated with cross-functional teams to implement innovative features, resulting in improved functionality and customer satisfaction. Utilized agile methodologies to meet project deadlines and deliver high-quality code. Adapted quickly to new technologies and actively contributed to team projects, demonstrating strong problem-solving skills and a passion for web development.

Education

Bachelor of Engineering - BE • Rajiv Gandhi Institute of Technology-VTU Hebbal, Bengaluru, Karnataka

Oct 2020 - Present

Computer Science • Grade: 8.4

Education:

Bachelor of Science in Computer Science | Visvesvaraya Technological University | Graduated 2024

During my time at Visvesvaraya Technological University, I gained a solid foundation in computer science, with a focus on problem solving and frontend development. This program provided me with an extensive knowledge of programming languages, algorithms, and data structures.

I actively participated in various group projects, where I consistently demonstrated my strong problem-solving skills to overcome complex challenges. Through my coursework, I honed my skills in HTML, CSS, JavaScript and React, enabling me to create dynamic and visually appealing websites.

Additionally, I actively sought out opportunities to enhance my skills outside of the classroom. I attended workshops and seminars on frontend development, staying up to date with the latest industry trends and best practices.

Overall, my education at Visvesvaraya Technological University has equipped me with the necessary skills and expertise to excel in problem solving and frontend development. I am confident that the knowledge and experience gained during my education will positively impact my performance in future roles within the field.

Projects

Portfolio Website

Aug 2023 - Sep 2023

Rajiv Gandhi Institute of Technology-VTU Hebbal, Bengaluru, Karnataka

- Demonstrated passion and expertise by creating a portfolio showcasing personal project works.
- Utilized creativity and technical skills to develop an impressive display of my abilities.
- Showcased my dedication and commitment to continuous learning by featuring various projects.
- Captivated attention by presenting a diverse range of personal works, highlighting my skills and accomplishments.
- Effectively communicated my abilities and personal brand through an outstanding portfolio show case.

Spotify

Aug 2023 - Sep 2023

Rajiv Gandhi Institute of Technology-VTU Hebbal, Bengaluru, Karnataka

- Developed and managed a music website that offers a subscription-based service for playing songs, showcasing a strong passion for music and technology.
- Implemented interactive features to enhance user experience and ensure seamless song playback.
- Utilized innovative techniques to curate an extensive collection of songs, catering to diverse musical tastes.
- Demonstrated dedication to providing a high-quality music streaming experience for subscribers by regularly updating the website with new releases and popular hits.

Genius

Jun 2023 - Aug 2023

Rajiv Gandhi Institute of Technology-VTU Hebbal, Bengaluru, Karnataka

- Developed an innovative AI-powered website that generates emails, writes blogs, and codes in multiple languages with customer support.
- Implemented functionality to generate music, videos, and photos in various sizes and resolutions
- Incorporated a subscription feature for unlimited generations
- Utilized cutting-edge technology to ensure high-quality output and user satisfaction

Movie Website

Apr 2023 - May 2023

Rajiv Gandhi Institute of Technology-VTU Hebbal, Bengaluru, Karnataka

- Developed a dynamic movie website featuring a wide array of movies and TV shows
- Implemented trending movies section to showcase the most popular and in-demand content
- Created a top-rated movies section to highlight critically acclaimed films
- Incorporated an upcoming movies section to provide users with a sneak peek into upcoming releases
- Ensured seamless streaming capabilities for a smooth and enjoyable user experience
- Successfully curated a diverse collection of movies and TV shows to cater to various interests and preferences

Skills

Core Computer Science Course Work : Data Structures and Algorithms, Operating Systems, Object-Oriented Programming, Database Management System, computer organization, Front End: HTML, CSS, Javascript, React, Bootstrap, Tailwind, Languages: C, C++, Java, Javascript, Data Structures and Algorithms
